S.Korean exports mark 8th straight month of double-digit growth

By Cynthia Kim

2 minute read

Twitter Facebook LinkedIn Email

Summary

- Oct exports +24.0% y/y, imports +37.8% y/y
- Analysts see export growth slowing in Q4

SEOUL, Nov 1 (Reuters) - South Korean exports marked an eighth straight month of double-digit growth in October, propelled by post-lockdown recoveries in major markets, which pushed up demand for Korean chips and petrochemical products.
